Mohammad
Zahid
Ansari

I am a front-end web developer with expertise in HTML, CSS, JavaScript, and modern frameworks like React.js, Vite.js, and Next.js. Skilled in creating responsive, user-friendly websites, I combine technical proficiency with design tools such as Figma, Photoshop, and Adobe Illustrator. Continuously learning and staying updated with industry trends, I deliver innovative and scalable web solutions.

General Skills

I possess strong front-end web development skills, including proficiency in HTML5, CSS3, JavaScript, and modern frameworks such as React.js, Vite.js, and Next.js. My ability to utilize design tools like Figma, Photoshop, and Adobe Illustrator allows me to create visually appealing and user-friendly websites. With experience in TailwindCSS and Bootstrap, I ensure responsive design across various devices and browsers. Additionally, I have a working knowledge of back-end technologies like Node.js, Express.js, and MongoDB. My commitment to continuous learning and keeping up with the latest industry trends ensures that I deliver innovative and effective web solutions.

- Next js
- Vite js
- React js
- Tailwind
- JavaScript
- HTML5
- CSS3
- Bootstrap
- Figma
- Photoshop
- Illustrator

Familiar Technologies

- NodeJs
- ExpressJs
- MongoDB

Education

Bachelor of Computer Applications (BCA)

Current - Expected Graduation: 2025
Indira Gandhi National Open University

- Relevant Coursework: Web Development, Database Management Systems, Computer Networks, Software Engineering, Data Structures, and Algorithms.

12th Grade - Science Stream (PCMB)

Govt. Co-Ed Sarvodaya Vidyalaya
Year of Passing: 2022

- Projects:
  - Physics Simulation Project: Developed simulations to demonstrate basic physics principles using HTML5, CSS3, and JavaScript.
  - Biology Presentation: Created an interactive presentation on genetics and DNA using web technologies to enhance visual learning.
- Extracurricular Activities: Member of the school's Science Club and Web Development Club.

Experience

Web Developer Intern - Techmier

September 2023 - Present
TECHMEIR CORPORATION PRIVATE LIMITED

- Developed web applications and websites using HTML, CSS, JavaScript, and modern frameworks.
- Collaborated with the team to design and implement new features.
- Troubleshot and debugged issues in existing projects.
- Participated in code reviews and maintained coding standards.
- Continuously learned and applied best practices in web development.

Self-Taught Web Developer

2021 - Present

- Projects: Created responsive portfolio, e-commerce mockup, and blogging platform using HTML, CSS, JavaScript, React.js, and frameworks like Bootstrap and TailwindCSS.
- Full-Stack Proficiency: Developed applications with MERN stack, integrating MongoDB, Node.js, and Express.js for robust back-end functionality.
- Design Enhancement: Utilized Figma, Photoshop, and Adobe Illustrator for UI/UX projects, refining design skills to complement development expertise.
